

## Automotive Technician (Mechanic) Role

We consider ourselves to be a “One Stop Shop” for tyre, brakes, suspension, logbook servicing, batteries, car servicing, steering and all mechanical repairs and specialises in radiators and Car air Conditioning service and repairs.

### About the Role

This full-time permanent position, with a negotiable rate of pay, depends on your qualifications and motivation to progress within the business. The right person will enjoy our working environment with on-the-job training and career development opportunities as they become available.

### Benefits

- Competitive above award rates plus overtime and bonuses
- Weekdays only, NO WEEKEND WORK
- Uniforms for your convenience
- Great career opportunities and leadership development
- Fully equipped workshop with all the latest diagnostic equipment
- Inhouse training and further training offered

### Tasks and duties

- Service and repair of every make and model on the road. We see it all!
- Troubleshoot and diagnose issues on vehicles using our modern diagnostic equipment
- Mentor new apprentices and junior technicians
- Maintain workshop tools and equipment
- Complete necessary paperwork including job cards and safety inspection sheets
- Keep up to date with new technologies and tooling through our extensive network of suppliers and training organisations
- Understanding of car air conditioning or willingness to learn

### Qualifications & experience

- Trade Qualifications 2-3+ years' experience in a similar role is ideal. 3rd & 4th year apprentices are also encouraged to apply.
- Excellent diagnostic skills and the ability to think laterally
- Previous Experience with radiators and airconditioning desirable but not essential
- Multi-brand experience (Automotive)
- Strong safety focus, sound knowledge and adherence to OH&S practices
- Energy to meet the demands of our environment and time restraints
- Excellent Customer Service skills
- You must be reliable, enthusiastic, and possess good communication skills and have a stable work history.
- Must reside in Australia and be a Permanent resident or a Citizen or suitable work visa

We put people first – both our customers and our employees. So if you put people first too – if you care about your customers, your teammates and want to do right by them – and you want to be part of an industry-leading team, we're keen to hear from you.
